3982 / Medium square lifting bag for heavy lift

COLOR:

3982 is a square shaped tool bag made for heavy content lifting. The bag is suited for heavy wear and is mounted with a hard bottom cover making it tough and durable for most sites and purposes.

- **Dimensions (open):** 60 x 35 x 76 cm (L x W x H)
 - **Dimensions (closed):** 60 x 35 x 76 cm (L x W x H)
 - **Lifting height:** 85 cm
 - **Material (main):** D1800*900 PVC flat-coated material (dual layer)
- A dual velcro closing mechanism makes it easy to access the bag as well as securing the bag from opening when closed correctly.
 - A small polyester strap is placed in the corner of the velcro opening for easier access even when wearing heavy gloves.
 - A solid plastic plate is placed inside the bottom of the bag for stability and optimal weight distribution.
 - 3982 is enforced with dual layer fabric and round-going safety ribbons to ensure the option of lifting up to 500 KGS.
 - The bag has tube handles mounted on the sides to ease handling. The tubes give a nice grip and protect the handles.
 - This model uses two lifting slings.
 - The lifting slings are made from high quality polyamide webbing.
 - Hard bottom Polypropylene Log Plastic cover to keep the bag in shape and extend the lifespan.
 - The cover is replaceable and can easily be replaced if needed.

This model complies to the relevant parts of the following standards:

- EN 1492-1
- ISO 21898
