4272 / Solid casted lifting bag - Large

COLOR:

The second of our solid casted bucket bags. This bag is large, durable and is a perfect solution for very heavy content with pointy edges. The bag can be difficult to handle and transport while on the ground and EMG therefore offers the solution of adding handles and/or wheels.

- **Dimensions (open):** 70 x 40 x 93 cm (L x W x H)
 - **Dimensions (closed):** 70 x 40 x 93 cm (L x W x H)
 - **Lifting height:** 120 cm
 - **Material (main):** D1800*900 PVC flat-coated polyester
 - **Material (bottom):** PEHD
 - **Material (webbing):** 50 mm polyester
- This special bag is patented by EMG A/S.
 - The hard bottom is made of hard plastic to keep the bag in shape and prolong the lifespan of the bag.
 - It's very strong and is great for tools and spare parts with sharp edges.
 - The bottom lets in light, for easier operation inside the bag.
 - A small polyester strap is placed in the corner of the velcro opening for easier access even when wearing heavy gloves.
 - It has a double velcro closing mechanism.
 - A transparent velcro pocket for documentation is placed on the front of the bag.

This model complies to the relevant parts of the following standards:

- EN 1492-1
- ISO 21898
