5327 / Large square lifting bag w/ bucket insert

COLOR:

Square tool bag with a hard plastic bucket insert for keeping the bag in shape and protecting against pointy objects. 5327 is made for heavy lift.

- **Dimensions (open):** 78 x 48 x 77 cm (L x W x H)
- **Dimensions (closed):** 78 x 48 x 77 cm (L x W x H)
- **Lifting height:** 90 cm
- **Material (main):** 0,75 mm Heavy tarpaulin
- **Material (bottom):** Polypropylene Log Plastic
- **Material (webbing):** 50 mm polyester

- As part of the bag comes a foldable upright plastic bucket. The bucket is folded and assembled by velcro and can be folded out to be one flat piece of plastic.
- This model is equipped with a dual velcro closing method.
- 5327 bag is made of high quality tarpaulin material making it water repellent.
- This bag has tube handles on the front and back for easy handling.
- A small polyester strap is placed in the corner of the velcro opening for easier access even when wearing heavy gloves.
- The hard bottom is made of Polypropylene Log Plastic to keep the bag in shape and extend the lifespan of the product. The bottom is replaceable if needed.

This model complies to the relevant parts of the following standards:

- EN 1492-1
- ISO 21898
