## 5938 / Foldable lifting bag for WTC3-ABB

This model was designed and constructed specifically for a power module. 5938 is stackable and hoistable.

## Dimensions (closed): 100 x 70 x 32 cm (L x W x H)

- All walls can be folded down, making the bag flat and open for easier placement of the module.
- The walls are hard and sturdy. They can be detached by velcro if needed. .
- The bags can be stacked on top of each other.
- The bag is closed and secured by velcro and stainless steel buckles.
- Two sets of lifting slings are placed on the outside of the bag making it possible to hoist the bag either horizontally or vertically.
- Plastic handles are placed along the sides of the bag for easier handling.
